22 The Walker River Irrigation District (the "District") agrees that a status conference  
23 should be held to consider and address the Joint Motion of the United States of America and  
24 the Walker River Paiute Tribe for Approval of Service Documents and Leave to Commence  
25 Service. The District has some comments on the Service Package and agrees to contact counsel  
26 for the United States and Tribe with any specific questions, objections or suggestions no later  
27 than one week prior to any such status conference. The District believes that a status

1 conference is especially important to again review with the Court and the parties when and how  
2 the United States and Tribe may proceed with service.
